

## EVELINA CANDLEHOLDER CENTERPIECE, SET OF 4

This product consists of 8 individual brass pieces that can be assembled into different configurations. The candleholders are held in place by S-shaped connector brackets, which fit around the base of each candleholder. You can customize the look of the centerpiece by changing the placement and positioning of the brackets and candleholders.

### SET INCLUDES:

AERIN

## CONFIGURATION 1: CONNECTED

The holders and brackets can be assembled as a connected group. The position of the holders changes the shape of the group, which can range from an elongated diamond to a square.

---

## CONFIGURATION 2: LINEAR

The holders and brackets can be assembled as a line. The position of the holders changes the shape of the line, allowing for different shapes: curved, zig-zag, straight etc.
